COLLIDGE WILL  
IN CANADA TO  
HELP DRY U. S.

Seek Agreement to  
Combine Forces.

ARTHUR SEARS HENNING,  
Chicago Tribune Press Service.

CHOIR LEADER.  
At time of murder of  
victims stand.

WORK OUT Understanding.  
Secretary of State Kellogg, who is  
pushing a three-day series of con-  
ferences with the President, is to ask  
the Canadian government at once, if  
he is invited to receive American  
ambassadors to work out an understand-  
ing. The agreement is designed to shut  
off the supply of bootleg liquor from  
Canada, rolling in wealth  
and sin of bootleg liquor to the  
United States, will be asked to put an  
end to the illicit business.

President Coolidge is determined to  
make no move until he makes pro-  
tection. He has impressed on his  
subordinates that national prohibi-  
tion being the law, it must be enforced  
to the letter and to the limit of the  
government's resources.

Agreements to Stay on Job.

Gen. Lincoln C. Andrews, as-  
sistant secretary of the treasury in  
charge of prohibition enforcement, has  
agreed to stay in office until the end  
of the present congress, at least, in  
order to carry out the measures  
designed to clamp the Volstead lid down  
tight. He has received fresh assur-  
ances that he has the confidence of the  
President.

With the agreements he has just  
negotiated with Great Britain, Gen. An-  
drews thinks he sees his way clear to  
complete wiping out of smuggling  
and the British Isles, Canada, the Ba-  
hamas and other British possessions.

New Dry Act Amendments.

With the amendments to the Vol-  
stead act the administration intends  
to go through congress next winter.  
Gen. Andrews expects to be able to  
effectually the diversion of indus-  
trial alcohol to beverages purposes,  
thus not a fatal crimp in moonshiners' large scale. If this program  
is carried through the leaks from outside  
dry up domestic production  
and successfully it will become  
impossible to get a fair drink  
inside it.

Agreements with Canada to  
the help of that country as  
the dry law enforcers are to be  
made by Mr. Andrews himself and  
representatives of the department of  
Gen. Andrews is coming to  
Montreal for his vacation.  
Coolidge may summon him to the  
White House while he is in this

As soon as Secretary Kellogg  
arrives the conference with Can-  
ada. Gen. Andrews will  
go to Ottawa to discuss the matter  
with the Canadian minister of cus-  
toms.

Measures U. S. Wants.

Gen. Andrews wants  
the Canadian government to put into  
force the registration of vessels  
employed in smuggling and to  
make the means of contraband  
the way for the understand-  
ing with Canada in his negotiations.

Under the terms of the  
agreement there is to be  
a conference of information between  
the United States on the one hand and  
British Isles, Canada, and British  
possessions on the other relating to  
the control of the American prohibi-  
tion.

British governments agree to  
banish smuggling at the  
Yankee registration regulations  
and other British territories  
to be made the means of contraband  
and the way for the understand-  
ing with Canada in his negotiations.

father, Mrs. Reinecke whispered to Abrahams that she believed Selbmann had a pistol in his pocket. Sensing the import of the secret, Selbmann pulled the pistol from his pocket and attempted to shoot himself.

The gun failed to work and before Selbmann could adjust its mechanism Capt. Carr had overpowered him. Begging that he be permitted to kill himself, Selbmann was taken to the lockup in the marshal's office. Later he was arraigned and released on bonds furnished by Superintendent of Mails John J. Shlyka and other federal building trustees.

Following his release on bonds Selbmann at first refused to go to his home at 1311 Farwell avenue. Later, however, he was taken there, where friends remained with him for the night. In a state nearing nervous collapse, he was reported to have told officials that his pecuniations would total at least \$12,000 in the last few years.

Denied Elaborate System.

He denied that he ever had attempted any ingenious theft system, but admitted that it was necessary for him to concentrate to the utmost in keeping his current embankments apart with those of the mail so that there would be no visual overlapping to expose him in his plan to cover old thefts with new ones.

Investigators last night withheld an estimate of what they believe Selbmann stole. Expert audits of all records to which he had access would be necessary before there could be any approximation of the total. It was said that the first guess of a possible \$12,000 should be based upon the computation of what he had taken the rate of his known operations in the last few months.

It was said that evidence had been uncovered indicating that Selbmann had been stealing for at least four and one-half years. His biggest operations, however, had been since his access to the mail was denied by his office following adjustments of delinquent claims, officials say. In most instances, it is alleged, Selbmann's illicit task was made easier by the carelessness of taxpayers who made checks payable to him instead of to the collector of internal revenue.

Keep Watch on Selbmann.

At Selbmann's home last night a careful watch was kept by friends to prevent a possible recurrence of a raid.

It was said that Selbmann had been in this country for more than 30 years. He always took an active part in German-American affairs in connection with his work as a newspaper man of the foreign language press. He progressed by stages under the direction of Horace Brand, veteran German-American editor and publisher, until he succeeded Brand as head of the Staats-Zeitung.

It was intimated that Selbmann might be given an opportunity to reimburse the government through the aid of wealthy friends.

**BLAST DESTROYS BILLION ROUNDS OF AMMUNITION**

Norfolk, Va., Aug. 13.—(AP)—A magazine said to contain a billion rounds of small arms ammunition exploded at the army ammunition depot at Pine Point, on the James river, fifteen miles from Portsmouth, at 7:15 o'clock to-night.

Nobody was killed or injured, a hasty check showed.

Fire apparatus from Portsmouth aided the depot garrison in fighting the flames.

## CHIEF HALL CASE WITNESS UPHELD BY WORD OF FOUR

Saw Hoofprints and Car  
as Described.

SOMERVILLE, N. J., Aug. 18.—(Special.)—Four witnesses added their support to Mrs. James Gibson's version of the Rev. Dr. Edward W. Hall and Mrs. Eleanor R. Mills were shot to death four years ago on the Phillips farm near New Brunswick, N. J.

It was on Mrs. Gibson's story that Assistant Attorney General Alexander Simpson, reviving the effort to solve the crime, ordered the arrest of Henry Stevens Hall, widow of the clergyman, is out on \$15,000 bail, also charged with the murders.

Three of the investigators who worked without success on the crime in 1922 testified today at the hearing of Carpenters and Joiners. The defense called the three that had four-mile shot guns at the spot where Mrs. Gibson said she had tied her mare before witnessing the crime.

Car Lines that of Mrs. Hall.

The fourth witness said that on the murder night he had seen a Dodge sedan parked at the entrance of Dr. Gibson's lane, which leads to the crab-apple tree beneath which the couple died. Mrs. Gibson had told of seeing a Dodge sedan at the entrance to the lane. On Tuesday, Chicago, the defense lawyer and learned that he, too, saw the sedan. The state introduced this testimony because Mrs. Hall was the owner of a car of the same make and type.

These were the high lights of the hearing before County Judge Frank L. Cleary. The proceeding is scheduled to be resumed tomorrow at 10:15 a. m., and unless the defense puts up to witness in rebuttal, is likely to end by noon.

Following the statements for the prosecution came the evidence given by a reporter. This witness went to the home of James Mills on Sept. 16, 1922. The bodies of the rector and his choir leader had just been found and identified.

Reporter's Story Holds Interest.

The reporter met Mills and asked him if he knew where Dr. Hall could be found. Mills replied, according to the witness, as follows:

"Mr. Hall is here. He is working on institutional work in South Jersey."

When the reporter made this statement Mr. Simpson leaned forward interestedly. So did Timothy N. Pfeiffer, Robert H. McCarter and others of the defense attorneys. The sentence attributed to the husband of the slain woman took on significance, because on Sept. 18 Mills and Mrs. Hall had met. Mills insisted in the present hearing that he had not known the news that the rector and Mrs. Mills were missing, but did not quote Mrs. Hall as saying that Dr. Hall was in South Jersey.

Brigadier: Report Accurate.

Harry F. McCabe, a brigadier, testified that at 11:30 p. m. on the night of the deaths he heard the screams of two women. One screamed,

## SPANISH WAR VETS PICK SENATOR MEANS FOR COMMANDER

Des Moines, Ia., Aug. 18.—(AP)—Riley W. Means, Iowa senator from Colorado, today was elected commander in chief of the United Spanish War Veterans at the annual encampment here.

Senator Means was elected over three other candidates—Carl G. Johnson, Milwaukee; H. H. H. Hart, Nashville, Tenn.; and Frank B. Dodd, Juneau, 104th.

The vote was: Means, 256; Juneau, 104; Hanna, 21; Dodd, 26.

The new commander served in the Philippines during the Spanish-American War and had the distinction of mapping the territory around the famous Fort San Antonio de Abad on a preliminary step to the storming of Manila.

Mr. Vermi R. Dix of Boston, Mass., was elected president of the Spanish War Nurses encampment. Elizabeth A. B. Jones of Chicago was elected one of the vice presidents.

said the witness, as in anger. The second screamed as if in mortal fear, "and it ended in a sort of a moan; it died away." McCabe is decidedly neat and the question put to him on that day was he virtually converted into a car. He insisted, however, that his hearing had not begun to fail until two months after the murder night.

McCabe's story was told four years ago.

Mrs. Almeda Harkins of New Brunswick was called. She was asked about a walk she took on the evening of the murder and was told by a friend, Mr. Agnes E. Blust, that there were the same persons, aside from the actual criminals, known to have seen Dr. Hall and Mrs. Mills alive.

Tells of Last Visit of Victims.

Mrs. Harkins said she knew Mrs. Mills and the rector well. She explained that she had attended the minister's charge, the Episcopal church of St. John the Evangelist, in New Brunswick, and had been a member of the choir. Her examination proceeded as follows:

Q.—Ard on this night did you see Mrs. Mills? A.—Yes, sir.

Q.—Where was she when you saw her? A.—On the near side of the vocational school.

Q.—In which direction was she going? A.—To Dr. Hussey's lane.

Q.—Did you see Dr. Hall on that night? A.—Yes, sir.

Q.—Did you see him before or after

you saw Mrs. Mills? A.—After I saw Mrs. Mills.

Q.—When you saw Dr. Hall, was he on the same side of the street that you were on? A.—Yes sir, he was.

Delivered Fatal Message.

Important testimony was contributed by Mrs. "Mills" Opite, a dressmaker, who lives next door to the Mills home in New Brunswick. She testified that at 2:30 p. m. on the afternoon of the murder, Dr. Hall had telephoned, seeking Mrs. Mills. It was the custom for Mrs. Mills to use Mrs. Opite's telephone for her conversations with the rector. She said that Mrs. Mills had failed to respond to Dr. Hall, but that at 7:30 p. m. that night she had delivered the message. It was this phone call, it is believed, that led to the try, which ended in the slaying.

Peter Tumulty, who was gardener and chauffeur for the Hall family at the time of the crime, was another witness. He is now a chauffeur for Henry Carpenter. The special prosecutor asked him about implements he used in his work as gardener. Mr. Simpson had intimated that Mrs. Mills' throat was cut with a pair of pruning shears.

Mr. Pfeiffer then questioned Tumulty and he launched into a long inquiry on the matter of the garden shears in

## CALLS ON FRANCE TO CEDE TO U. S. BIG CHINA REGION

### Deputy Thinks Debt Should Be Paid So.

BY HENRY WALTERS.  
(Chicago Tribune Press Service)

PARIS, Aug. 18.—To cede to the United States 2,000,000 acres of land in Indo-China, suitable for growing rubber, as a settlement for the French war debt to America is the proposal made today by Deputy Outrey for Cochin-China in the Nationalist newspaper Liberte.

M. Outrey already has written to Raymond Poincare, premier and defense minister, outlining his project. During the present parliamentary vacation the deputy intends to enlist on an active campaign to enlist the support of senators and his colleagues in the lower house for the plan.

Expect Big Deficit.

M. Outrey estimates that there will be a deficit of 125,000 tons in the rubber supply in 1928, progressing to 200,000 tons by 1935.

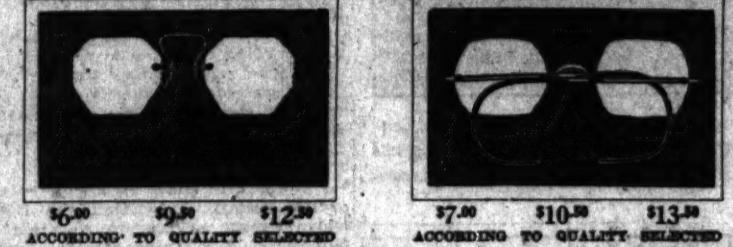

"We can offer the Americans a proposition to produce sufficient rubber annually to supply the market, thereby reducing prices, on a reasonable profit bearing figure and affording a stimulus to United States consumers of 3,000,000,000 paper francs on the \$40,000 tons of rubber they use," he says. "America already is seeking to grow rubber in the Philippines and Liberia, but without success."

Announces His Plan.

"So I propose to demand that the government and parliament use the colonies as exchange for money and lease for a long term the million hectares of ideal land for rubber raising in Indo-China."

M. Outrey, after consulting official government maps and surveyors, believes the rubber land which he proposes to lease to the United States could be plotted out in the province of Cambodia.

## PREACHER WARNS CITY'S GIRLS AT PRATSCHER RITES

### Curious Crowd Tries to Crash Funeral.

(Picture on back page.) Into a small room at Kenny's mortuary, 5438 South Halsted street, over hundred persons, most of them young girls and women, tried to force their way for the funeral yesterday afternoon of pretty Amelie Mildred Pratscher, 21, who died of skull fracture after she leaped from a speeding automobile to escape an attack.

The room was dark. The principal sound was the crying of Mrs. Mary Pratscher, mother of the dead girl. Many young girls from time to time gathered around the coffin.

The five smaller Pratscher children, three of them girls, watched and wept. They wondered who would help support them now, with both their eldest sister and their father gone.

#### Pratscher Warns Girls.

The Rev. Herbert J. Brodt of the Evangelical Church of Peace, 1450 West 75th street, told young girls to remember the conventions, advised them to stay out of strangers' automobiles, called on men to be more chivalrous. He pictured the automobile as the "largest aid to vice in modern times."

The burial was at Mount Greenwood cemetery.

Two suspects, held at Sterling, Ill., will be viewed by Helen McInerny, 216 West 41st street, companion of Miss Pratscher, to see if they are the men whose actions caused the two girls to jump from an auto.

#### Held in \$5,000 Bonds.

Michael Gasper, 19 years old, accused of slaying Mary Stolik, an 18 year old Cicero girl, to the New Testament hotel, 29 South Dearborn street, Monday night, was held in bonds of \$5,000 by Municipal Judge Freeman yesterday. Rudolph Singer, proprietor of the hotel, was booked on charges of keeping a disorderly house and John Doe warrants were issued for the arrest of the bell boy and for Julius Glaser, brother of Rudolph, the clerk who gave Gasper and the girl a room.

George Neuman, 28 years old, 3039 South Canal street, a former custodian of the Municipal court, was held in bonds of \$5,000 by Judge Freeman on a charge he had held Eileen McNamee, 15 years old, prisoner in a house at 4414 Wallace street.

#### Two Other Attack Cases.

Emil Vlasyt of Willow Springs, Ill., signed a complaint against his brother, James, 41 years old, 2020 South May street, charging him with attacking their niece, Mary Vlasyt, who has been visiting at her uncle's home since July 22. James was held in bonds of \$1,000.

Amelia Bates, 25 years old, 4161 West 107th street, was sentenced to a year in the Bridewell by Judge Freeman after Joseph Malnaski, 2241 South Halsted avenue, had accused him of attacking his daughter Victoria, 9 years old, in an alley near her home on July 22.

#### UNKNOWN MAN RESISTS HOLDUP; SHOT TO DEATH

An unidentified white man about 35 years old was shot and killed in a holdup at Blue Island and Racine avenues early this morning. A badge, No. 10467, found in his pocket which was engraved in the freezing department at Armour's. He was shot several times and was still living when police arrived, but died on the way to the hospital. The robbers failed to get \$50 in the man's pocket.

A few minutes after the shooting William Clark, colored, 2327 Dearborn street, was arrested by Sgt. Albert Jenner and his detective bureau squad at Dearborn road and Halsted street. He had in his pocket a revolver which had been disengaged a long time ago. L. J. Young, 1151 Washburn avenue, also colored, a witness to the shooting, identified Clark as the man who did it.

## PLAN TO EXTEND M'CORMICK ROAD TO LINCOLN AVE.

### New Boulevard to Be Open by Oct. 1.

Plans to beautify and connect McCormick road with new and improved arteries in every direction were set forth yesterday by Edward J. Kelly, chief engineer of the sanitary district, when he announced that automobiles would be speeding over the four and a half mile stretch along the north shore channel by Oct. 1.

The most important improvement now under consideration is the extension of McCormick road from Devon avenue south to Lincoln avenue along the channel, which is to be made by the McCormick club of the North Shore Motor club and chairman of the subcommittee of the county committee, that this extension will permit an outlet on Lincoln avenue to the southeast and northwest, on Kedzie avenue and Kimball avenue to the south, and to the east or west.

Estimate Cost at \$250,000. The project would cost, it is estimated, about \$250,000. Mr. Kelly finds that the sanitary district is not in a position to make this expenditure, but he made the suggestion, which will probably be carried out, that a special assessment be levied, half of which will be paid by the district and the rest by property owners.

Mr. Kelly said that the commissioners were opposed to selling district property along the canal east of McCormick road for building purposes, and that this stretch would probably provide for a bridge path and continuous park.

The scenery along the road will be improved when the north side sewage treatment plant is completed, in about a year, it is said.

#### Drive Almost Completed.

All but a strip of 1,000 feet at Howard street, where the Chicago and Northwestern railroad crosses McCormick road, has been completed. The boulevard will represent an investment of approximately \$1,000,000.

The road is forty feet wide, providing a strip for four automobile lanes. Twenty feet in the center is constructed of asphalt and the ten feet on each side of reinforced concrete. The engineers of the district point out that this is the only stretch of reinforced concrete road in this section of the country.

STEAL \$108 AT EGG STORE. Three armed men stole \$108 yesterday in the store of Maloney & Cunningham, dealers in eggs, 904 West Congress street.

Injuries Fatal to Woman.

MRS. ANNA CARLSON, 73 years old, 1194 Roscoe street. Died of injuries received July 4 when she was struck by an automobile driven by C. E. Brooks of Bellwood, Ill., as she was crossing Sheridan road at Hawthorne street.

MRS. HELEN SUPINSKI, 45 years old, 5017 South Robey street. Struck by a truck driven by Elmer Kusec, 335 Florence avenue, Blue Island, in front of her home. Kusec was held for the inquest today.

K. C. WUE, a Chinese, 40 years old, 2245 Wentworth avenue. Wue was said to be walking home with his lights on when he was struck by a truck on Van Buren street and Washington avenue. Charles Bille, 456 West 26th street, the truck driver, was held for the inquest today.

Man Killed by Bus.

RALPH GREGG, 49 years old, 5339 Lake Park avenue. Drove his truck into the Illinois Central railroad, where he was taken after he was struck by a motor bus at 44th street and Stony Island avenue. Gregg walked in front of the bus, police said.

## IF THEY'RE GOING TO KEEP HANK ABOARD, LET ME ON, TOO: GLORIA

New York, Aug. 15.—(Special)—

Gloria Swanson, wife of Marquis de La Falaise de La Coudraye, escorting the Bank home today.

The marquis who has gone in for short story writing since his marriage, arrived on the Olympic last night.

On the pier was his wife, waiting for two hours to whisk him away to her apartment.

"No, all I want in this world is to stay on board," she said. "I am not married to a man, but I am married to a man."

Miss Swanson, as her wife calls him, is a Frenchman.

Gloria dashed aboard and promptly announced she would spend the night at the Olympic.

The marquis, it was learned, has been interested in a automobile with a ventilating fan, and has gone into the manufacturing business. He hopes to make a fortune.

Although he had a fan in his cabin, he forgot to turn it on until after Miss Swanson entered, and when asked why replied: "It is a silly, old fashioned fan all I wasn't interested in it."

To which Miss Swanson remarked: "Hank, you are a genius."

DETROIT AUTO  
CLUB JOINS WAR  
ON SPEED TRAPS

While awaiting grand jury action in September on the additional evidence

collected against speed traps, members of the Detroit Auto Club, leaders in the crusade for highway justice yesterday turned their attention to spreading the investigation into more distant places.

Bureau of investigation was estab-

lished yesterday by the Detroit Auto-

club, according to announcement by Capt. W. S. Gilbreath, man-

ager of the big Michigan organization.

It will carry on a campaign to wipe out traps in Michigan and to eliminate organizations suspected of "sympa-

trists," he said.

Joseph H. Braun, general counsel for the Chicago Motor club, spent the day in organizing a new branch bureau of speed trap inquiry in Waukegan to handle the campaign launched against abuses of vehicle law enforcement in Lake county by C. A. V. Smith, state's attorney. Scores of questionnaires were mailed to victims of alleged traps, he announced.

"However, the county is and can build only twenty foot pavements now, except in villages and cities where it can pave twenty feet, and local funds will increase the width to forty feet. There are one or two spots in the county where pavement has been widened, but these places are road junctions."

Existing roads, the statement de-

clares, have been built according to

plans and specifications approved by

the state highway department.

State Now in Control.

"Once these roads are paved," Mr. Cermak says, "the state takes them over and maintains them, and we have no prohibitions from using county high-

way tax funds to improve or to widen them. Not all of the pavements built in Cook county were laid by the county. Some were laid by the state.

"Such is the case in Odgen avenue, which was paved with asphalt. The road was built entirely by the state from \$60,000 bond issue funds. The state took all of the license fees paid in by Cook county motorists and is building state roads with the money. While almost one-third of all the license fees funds are collected in Cook county, we get about one-tenth of the roads built."

## CERMACK URGES BOND ISSUE TO BROADEN ROADS

### Says Law Forbids Use of County Funds.

BY J. L. JENKINS.

Double width pavements on the ex-

isting main roads leading into Chicago

must be provided immediately, says a

second official statement issued yester-

day by President Anton Cermak of

the Cook county board.

They cannot be built by Cook county with existing

funds, he adds, and points out that if

the state highway department—which is

responsible for these pavements—

cannot do them, a bond issue or

other special fund must be provided.

"The impression has gone out," the

statement says, "that the county is

building forty foot pavements and has

embarked on a schedule of paving

roads forty feet wide.

## MOLINE, NAMED FOR MILL, ROSE ON PLOW'S FAME

So Now It's Rich City of Chicagoland.

In story 24 of The Tribune's Cleveland coverage we print either and you in the Illinois-Iowa group of cities—Moline, East Moline, Rock Island, and Davenport—which get on so well together that they do not mind being advertised as "the Quad-Cities."

BY JAMES O'DONNELL BENNETT.

All Moline factories are expanding. Good news for Chicago, because we are the big wholesale carvers to Moline and East Moline and their combined population is nearly 46,000. All along the Mississippi River towns beginning to be known by the abrupt nickname of "the Quad-Cities" counts 150,000 people.

But the most striking sidelight on Moline's solid prosperity that I got was imparted by Editor Blackman of the Moline Daily Dispatch, whom I asked how affairs were going in the Dispatch office.

**Busy Improving Newspaper.**

"Plain English," said he, "but we started out to spend \$20,000 in the last year on improvements, and darn it all, they're run us into \$20,000!"

Then he dismissed the subject.

Reader, I was weaned on a small town newspaper in a city which—since greatly grown—is my boyhood relatively of about the size and importance that Moline of today is. So, you standards to go by, and when L. H. Blackman just casually darning that \$40,000 discrepancy between plans made and plans executed I blinked three times rapidly. And my shrewd old uncle James O'Donnell, who was no piker—well he would have gasped.

Tis a flourishing, easy-comin', easy-go place to live in in 1926.

Editor Blackman it was who dug up for me the etymology of the name of his town.

**Like French Word.**

"Slight variation," said he by telegraph, "from French word *moulin*, in turn from Latin word *mollina*, signi-

fyng a mill. Moline still known as city of mills." Letter follows."

The letter says: "The first white settlers to locate where Moline now stands were Joel Wells and his two sons, Levi and Huntington, and Michael C. Bartlett, who came in January, 1829. In June, 1842, a town was platted and named Moline because Moline first had a grist mill. Then came lumber and paper mills, and Moline has since been known as 'the City of Mills,' although the mills have given way to the vast manufacturing plants that now contribute to Moline's huge industrial supremacy."

**Huge Ne Idle Beast.**

Capital invested in industry is \$150,000,000.

Value of industrial plants is \$2,000,000.

Value of their annual output is nearly \$75,000,000.

Number of their workers is nearly 9,000.

Those workers' wages aggregate nearly \$14,000,000 a year.

Total area of factory floor space, 154,000 square feet.

Annual consumption of lumber 75,000,000 feet.

Nine banks with aggregate resources of \$27,000,000.

Bank depositors, 44,000.

Home owners, 8,400.

A fifteen story hotel.

Those figures and facts concern the two Molines—Moline and East Moline—with a total population of 44,000. All that has come to pass since the cold day 97 years ago when Joel Wells and his boy sons "got to town."

And 97 years ago this summer Moline was beating off hostile savages.

Lord, what a realm is Chicagoland!

## MISS STRICKLAND RACED TO A TIE IN RODEO RELAY

Loses Mount; Bronco  
Injures Fallen Rider.

When Mabel Strickland, who has led the field in the daily cowgirls' relay at the Soldiers' field rodeo, lost her mount in the second lap of yesterday afternoon's events, she also lost her head for a tie. Tad Lucas, last year's winner, romped to victory. Each now has ten points. Miss Strickland's mount danced before her, which was she was sent to her, into the saddle.

The afternoon program was jammed with thrills which time after time brought the large crowd cheering to its feet. Roy Quick was heartily applauded as he threw his steer in the bucking contest in thirteen seconds flat. He is now approaching the eight-second record of Dick Shelton, who left out his steer in 21.45 to hold the lead in total elapsed time to date.

Injured Rider Comes Back.

Only one serious accident occurred during the day's performances. Breezy One, trying to ride a bronco bareback in the afternoon, lost his seat and fell. The animal whirled and landed on his head, with its heels. One toe taken to St. Luke's Hospital with three ribs broken. But he appeared at the night show all taped and bandaged, and pleaded with the judges not to scratch his name from the contests.

That time was made in the calf roping contest. Ike Rude ran down a mile whitewash to rope and tie him for leading in 21.45. Expert dodging by the calves makes rapid capture more difficult.

Howard Taggart, in the cowboys' team riding event, settled a matter of some speculation when he rode the bareback, known as the world's most treacherous, to a plunging finish.

Wrestlers Again See Show.

Women in the boy's roping contest, six in number, performed for the crowd during an intermission. They will be given presents on Tax Avenue's ranch in New Mexico.

New Mexican officials, friends of Austin, again visited the rodeo yesterday. Among them were Tom Delgado, fish and game warden, and his brother, Lorenzo, sheriff of San Miguel county.

Rainy and crop conditions in our state are in fine shape since recent rains," Sheriff Delgado said. "We are now raising more cattle than ever before. My only regret is that Gov. Bennett could not come with us to visit your wonderful city and witness our rodeo."

The night performance was dedicated to the Junior Association of Commerce. All of the members were present among the largest crowd yet to attend. Tomorrow Mine, Lucretia Bond, Linda, opera singer, and Edward Jason, manager of the Chicago Civic Opera company, will be present as the hosts of Arthur T. Alldis.

## LEADER OF WETS SCANS BLAINE, STAMPS HIM O.K.

Lenroot Challenges His  
Foe to Debate.

Milwaukee, Wis., Aug. 18.—[Special.]—Endorsement of Governor John J. Blaine for United States senator on his record as a "wet" was made today by Dr. J. Steinman, national vice president of the Association Against the Prohibition Act.

Dr. Seelman said:

"The record of Gov. Blaine, before the Wisconsin legislature, showed him unopposed not only to the iniquitous Volstead act but also to national prohibition. He has repeatedly given assistance to the friends of

the Prohibitionists."

Calis Lenroot's Record "Dry."

"Senator Lenroot on the other hand, has a bone-dry record; has the open endorsement of the Women's Christian Temperance union, and is being aided in every way by the Anti-saloon League."

"Senator Lenroot's statement that he will be guided by the outcome of a referendum is unsatisfactory because it gives no information as to how he will vote on the question."

Local politicians are at a loss to account for the Soothing statement, so much as Gov. Blaine's only mention of the prohibition question as given in one speech was that "a glass of good beer would go fine with a cheese sandwich."

Invite Foes to Debate.

Manitowoc, Wis., Aug. 18.—[Special.]—A new challenge to Governor Blaine to discuss issues of the campaign with Senator Lenroot at a public debate to be held in this city next Tuesday or any night agreeable was made to Blaine today by the Lenroot club of Manitowoc.

Henry C. Lenroot is scheduled to speak here next Tuesday and the following night the governor will be here.

The Lenroot club believes that the close proximity of the dates might be conducive to getting the rival candidates together on one platform.

Suicide Note in Coat on  
Bridge; Girls Call It Hoax

Maxwell street police last night were seeking Harry Baril, whom they believed to be the perpetrator of a suicide hoax. A leather coat which signed on the Folk street bridge, Joseph M. Rooney, 1140 Divisadero parkway, said he saw him leap in. But a note in his pocket contained the name of Miss Bertha Walker, who lives in a west side hotel and who said he had probably "planted" the coat with the note to cause her annoyance.

## MOSSOW RINGS RESTIVE UKRAINE WITH ASIA ARMY

BY FLOYD GIBBONS.  
(Chicago Tribune Free Service.)

BUCHAREST, Aug. 18.—The demand of the Ukraine republic for freedom from Moscow was revived this week as the breach widened in the political struggle for control of the soviet union dictatorship, according to secret reports from Kharkov, capital of south Russia and seat of the Ukrainian Soviet.

Moscow's anxiety over the sudden birth of south Russian independence movements is evidenced by widespread troop movements. The so-called foreign legion, a soviet army composed of Mongols, Tartars and Chinese troops under the command of Gen. Georgievich, have taken over the

garrison at Kharkov, Odessa, and Kiev, while the white Russian garrisons formerly occupying these important centers have moved out to Siberian posts.

Joint with Trotsky.

The reports indicate no sign of a revolt, but the belief is growing that the president of the Ukraine soviet has joined forces with the political opposition led by Leon Trotsky and Gregory S. Zinovjev.

The czars (political police) have agents on the heels of the invading troops, making hundreds of arrests among the Ukraine partisans of the separation movement, but M. Stalin refuses to produce a crisis by arresting the opposition chiefs.

Recent Grain Strike.

The Ukraine peasant population of almost 20,000,000 resents the recent Moscow orders declaring 50 per cent of this year's enormous crops to be the property of the federal government.

Moscow's international policy is arousing further discontent since it prevents the Ukrainian crops from reaching world markets.

The differences in color and language existing between Ukrainian and northern Slav dictators have added new impetus to the decentralization movement.

## MEET TUESDAY TO PUSH PLANS OF NEW AIRPORTS

Chicago's program of airport development will be started officially at a meeting of Mayor Dyer's aero commission next Tuesday.

William P. MacCloskey Jr., newly appointed secretary of commerce in charge of civil aviation, will be the chief speaker. He is expected to urge that Chicago take immediate steps to hasten completion of the city flying field at Sixty-third street and Cicero avenue, and to establish others. He also may urge that Chicago is a natural focal point for the aero commission.

In the unofficial recount of the vote for County judge the majority for Joseph P. Savage [Crowe-Barrett] over Daniel P. Trude [Deneen] has been reduced from 22,136 to 16,508.

Theodore L. Svoboda, Cicero's chief of police, appeared yesterday before a grand jury investigating voter frauds and the McGinnis murder, but refused to sign an immunity waiver. The jury adjourned until Friday after returning ten more indictments for frauds yesterday, according to report.

## McMILLAN, KLEIN NIP AND TUCK IN BALLOT RECOUNT

With only 14 votes between them now, two Crowe-Barrett candidates have started on a nip and tuck finish for a Republican nomination for Municipal judge in the primary. The count, Leo Klein's lead was narrowed to 14 when Assistant State's Attorney Robert E. McMullan gained 185 votes yesterday. Judge William L. Morgan, Deneen candidate, who started the recount, in 2,410 votes behind McMullan. The recounts are expected to finish their job by Sept. 1, according to John S. Clegg, chief clerk of the election commission.

Be ready tonight to say, "There's cold Clicquot Club in the ice-box."

See their eyes sparkle just as this ginger ale sparkles when you pour it out.

Watch how they enjoy it. You can make your family proud of you simply by showing them that you remember their thirst and provide this delicious beverage to satisfy it.

You cannot buy a purer, more wholesome drink than Clicquot Club. In many ginger ale tap or faucet water is used. This water, of course, can be made pure with enough filtering and chemical treatment. But the water

### More for your money

Clicquot Club is the best ginger ale that money can buy—and you get more ginger ale for your money. Each generous bottle contains a full pint—one third more than most other ginger ale.

### Two flavors

Clicquot Club Ginger Ale comes in two flavors: the "Pale Dry," delicate and subtle; and the zestful, refreshing "Golden," America's favorite for forty-odd years.

in Clicquot Club is *pure at the start*. It comes from deep down in the famous Clicquot Club spring—one of the purest natural springs in the world. The ginger root used in Clicquot is the best it is possible to buy. The fruit flavor is from the world's finest limes and lemons.

Clicquot Club Ginger Ale, since it was first made, more than forty years ago, has pleased more people than any other ginger ale.

Be a blessed hostess to your family's thirst. Have Clicquot on the ice, ready to offer them tonight. Order a case—24 bottles—along with groceries. Or you can get it by the bottle, ice cold, from the drug store. Most dealers will pay cash for the empty bottles if you buy by the case. The Clicquot Club Company, Millis, Massachusetts.

### The Duchess of Rutland

Her Grace, the Duchess Dowager of Rutland, widow of the eighth Duke, is the talented mother of a talented daughter, Lady Diana Manners. She said recently, "I am very pleased that I have come to know Clicquot Club Ginger Ale—an exciting drink, delightful in flavor and most refreshing."

He will probably charge \$50 for the ringside, some and scale the prices down in proportion to the altitude of the seats.

Ryan said he represented Mayor Kendrick, the man who imported Gen. Smalley Butler to be chief of police and then deported him, and assured Rickard that the mayor would welcome him.

**Tex Says He's Invited**

"I've been invited to this place," said Tex. "Mr. Rickard said with the astonishment of a dock-ender that I was invited to ride in the bounds in a Long Island horse. 'It's the first damn time I ever been invited any damn place. They guaranteed me that there wouldn't be any give up, either. But I shouldn't say anything about graft, because it might give the impression that there's grafting in New York.'

Julius, the doorman, emitted a cry of horror and fainted at the very suggestion of graft in New York.

The correspondent then suggested to Mr. Rickard that Mr. Ryan might be interested in seeing his "picture collection" of old barrels in which he walked home from various promotions of his in New Jersey.

"Ho, ho, ho, that's all a joke about those barrels," said Mr. Rickard. "I never had to walk home in any barrel, from Jersey, but this time I'm coming home with my watch and everything."

"Well," this correspondent suggested to the Philadelphia gentileman, "how about the folks down your way who raised such a hullabaloo about running the roller coasters and roll the ball fakes in the sesquicentennial on Sundays. Won't they try to stop the fight?"

**Richard Assumes Partner**

"Hey," said one of the Philadelphia gentlemen, who doubtless desires to be nameless in this connection, "we'll have the time that's right off, we'll have those birds murdered."

It is now customary to "cut out" the local promoter when Rickard plans a fight outside of New York, so Julie Aronson, who has been running fights in Philadelphia, has been taken in as a co-promoter with Rickard.

The state of Pennsylvania will get 10 percent of the fight, and the sesquicentennial committee, 10 percent, with a guaranteed minimum of \$100,000.

The Philadelphia law permits the boys to go ten rounds to a decision, which is given by two judges, provided that if they disagree the referee casts the deciding vote.

Dayney and Tex were notified by telephone of the change, and Rickard asked them to transfer their training quarters at once to some place near Philadelphia. One or the other, probably, will go to Atlantic City, an hour's run from town.

Philadelphia has two fans from New York, and three hours from Washington, and can draw customers from Wilmington, Baltimore, and a large Jersey population.

## LIBERAL BUYING PUTS WHEAT UP; CORN ALSO GAINS

BY CHARLES MICHAELS.

Buying of wheat futures was of a better class than the selling, and while there was a decline of about 1/4 cent on local selling, the offerings passed into the hands of buyers, who paid 1 1/2% to 1 1/4 cent from the low point followed. The close was within a fraction of the top, with net gains of 1/4 cent with September, 1 1/2% to 1 1/4 cent; December, 1 1/2% to 1 1/4 cent; and May, 1 1/4% to 1 1/4 cent.

Corn gained 1/2 cent with September, 1 1/2% to 1 1/4 cent; and May, 1 1/2% to 1 1/4 cent. Oats were 1/2 cent higher with September, 2 1/2% to 2 3/4 cent; and December, 4 1/2% to 5 cent, while rye was 1/2 cent higher with September, 1 1/2% to 1 1/4 cent; December, 1 1/2% to 1 1/4 cent; and May, 1 1/4% to 1 1/4 cent.

The rally in wheat was not entirely a surprise, in view of the technical position of the market. There were free offerings at times headed by some of the houses that were on the selling side the previous day, and as soon as pressure let up an oversold condition was disclosed, and shorts had to be bid up to cover.

Expert: Buy Wheat.

Buying of wheat futures credited to export account in the face of continued reports of an absolute lack of foreign demand at the season's attraction, grain buyers at the North American markets, which were independently weak on Tuesday, suspended their action and led the advance. Minneapolis gained 1/2 cent. While Winnipeg was up 1/2 cent. Export sales at the seaboard were finally estimated at 300,000 to 400,000 bu, with a majority of offers at the guist a factor in restricting business. Short covering was limited in the market.

Further gains were reported in the spring wheat territory with threshing delayed in some sections, and there is a growing fear that damp grain will be coming forward. The forecast was for showers with little change in temperatures. Winter wheat farmers expect to have a small average of 4 to 5 cent this fall, which would make the total around 45,000,000 acres.

Loss Pressure on Corn.

Buying on resting orders and short covering absorbed the offerings of corn, but while prices were lower early the finish was firm. Further rains were reported over the corn belt, and in some sections the rainfall of late has been excessive, and a period of dry and hot weather would be beneficial. Government weather watches and crop report was considered as moderately favorable. After the close 10,000 bu cash corn were posted as out of condition in a local elevator. Domestic shipping demand continues slow with the spot basis unchanged to 10 higher. Receipts are small, although farmers are reported to be harvesting more grain in parts of the country to the improved market outcome.

Received liquidation was on in oats early, but buying by commission houses absorbed the offerings and with other grain firms a rally was easily attained. Cash interest bought September and sold December, 1 1/2% to 1 1/4 cent, while rye was limited but the underwriters were keen in sympathy with wheat. Nothing was heard regarding export business.

Discard the Old  
Inferiority Slant  
If You'd Progress

Some women are born beautiful and they can't help it. Others aren't born beautiful, but they can help themselves so well that they succeed in putting up a splendid imitation of the real thing. And others again resign themselves to the terrible part that they are plain and there's no use trying to do anything about it. Along somewhere in the twenties they suddenly wake up to the fact that other girls haven't much more than they when you sit down and figure it out, but there others seem to draw a sufficient quota of admiration for their participation.

"Why is it?" one of these modest girls asked herself on her twenty-third birthday. "Why is it that Zell with one eye out of focus and a figure all out of harmony is never commented upon as a really girl? While no one ever spoke it to me in my mirror now, every time I look in it I'm just plain drab."

When you sit down in a heart to heart talk like that with yourself, something usually comes of it. It is encouraging to compare yourself with others, and you may find yourself beautiful somebody, but one more nearly in your own beauty class.

Alice didn't stop with Zell. She ran over a list of girls whose friends wouldn't encourage them to send their photographs to Hollywood in the hope they'd be taken up. And the list included a couple of them she discarded because their unattractiveness was due more to downright carelessness than for any other reason. There was one on the list: a large girl with a large mouth, large hands and feet. She had good coloring, though, a beautiful

voice and a gorgeous lack of self-consciousness.

"A lack of self-consciousness," Alice mused. "I believe that's what makes the girl attractive. Not beauty, but not by so well."

"That's how Alice looks," she said. "She didn't think about herself.

But not in an inferior way as she did before. Perhaps there was a hint of superiority in her comparisons, but that didn't do her any harm. Realizing that other girls didn't have much more to work with than she, it at

least shook off the old inferiority complex, and that's about the biggest step you can take toward "parking up."

#### BEAUTY ANSWERS

READER: WHERE THE WARTS are on the face is it well to have them removed by a reputable skin specialist. It may be done without leaving a scar if a reputable man does the work.

EMMA L. KEEP ON HAND A bottle of equal parts of glycerine and camphor, and several times during the day massage it into the hands. You'll find it softens and whitens them.

#### TRIBUNE COOK BOOK

BY JANE EDDINGTON.

Since the ingredients for beet relish are nowadays in the market all the year the only reason for making this now is that they are less expensive at this time, or will be shortly, than at any other season.

The relish is much superior when freshly made, and if it ever can be wholesome it is then. If the vinegar is scanted it is not such a delicious morsel as the long canned relish is. There is one exception to the state-

ment that the ingredients for this are in the markets at any season. The horseradish root is not, but to many tastes there is no surer way of ruining a beet relish than to add horseradish to it. The root of autumn is especially sharp and full of sprouts.

The recipe for this relish is all about the same, although darning-masks increase the number of vegetables used, especially those that are seasoning agents. Take this one: One pint of cabbage measure after it has been chopped fine, one pint of cooked beet chopped fine, one-fourth cup of grated horseradish, one cup vinegar, one-half tablespoon salt, one-half teaspoon pepper. Cover with cold

vinegar and keep from air. Without the horseradish this is mild and rather pleasant; with the horseradish most people would not eat it.

Another recipe with the same amount of cabbage and beets calls for one-half cup of grated horseradish, which would certainly be much like grated horseradish quite by itself. The latter recipe called for brown sugar, and only three-fourths of a cup. White pepper and a small pinch of cayenne pepper were added. The directions are to put into cans and fill with cold cider vinegar. If well packed the amount of vinegar would be small, but horseradish is supposed to give keeping powers to any pickle.

#### Bath Felt Guilty.

Just before going to call on the wife of the governor of one of our western states, several years ago, I had my shoes shined.

The afternoon was warm and the air in the room where I was calling was heavy. I had no sooner gotten seated than the strong odor of shoe polish wafted to my nostrils. Every minute that odor seemed to increase.

Finally in desperation I said, "Does that shoe polish bother you?" "Oh, my dear, was her quick reply. "I'm so sorry. I just had my shoes dyed yesterday."

#### WILL BOBBED HAIR GO OUT OF STYLE?

Some say yes, and some say no. Some declare it is too sensible a style for women ever to give it up. But no matter how the hair is worn all agree that its washing is of the first importance. And Canthrox is the famous and simple preparation which very definitely answers the demand for the right kind of hair.

It's a simple shampoo, too—one dissolve a teaspoonful in a cup of hot water and work it up into a soft, creamy lather, which must be rubbed well all over the head into the hair. You can do this in a hurry any time, because the hair dries quickly and easily.

The scalp of all dandruff, excess oil and dirt. All good druggists can supply you with Canthrox, which is very inexpensive, costing only about three cents a shampoo.

of Vice President  
Recorded in Films**

The recent visit of the Vice President and Mrs. Daves at Wagon Wheel Gap, Colo., the ranch of Col. and Mrs. A. E. Humphreys of Denver, has brought added attention to the already well known beauty of that section. A brand new hotel has been opened to vacationists there, and last week summer residents had the thrill of getting into the "movies." The Isaac Walton League sponsored the taking of some news reels when the Vice President's arrival was the signal for the opening of the films. A fishing contest was staged by his host, Col. Humphreys, Mr. Daves winning by landing a 15 inch trout.

Another picture was a regatta on Lake Humphreys, in which were shown the Vice President and Mrs. Daves, the Humphreys, and Miss Virginia, the daughter of the American author, Kenneth Roberts, well known writer who was a member of the house party, and a number of Denver people.

The Daves are at their lake front residence in Evanston, to remain until early November, when they will return to Washington, and will occupy the same house on Belmont road that they had last season. Mrs. Daves will be a preparatory school teacher, and Virginia will attend classes in Washington.

In the absence of the president, Mrs. Arthur Farwell Tuttle, who is in Europe, Mrs. Norman W. Harris heads the committee in charge of the annual midsummer frolic to be held this afternoon at Adler Shore in Chicago. The affair will be in the form of an picnic, "Boy Bluff," in which 400 children at the camp will sing.

Mrs. William E. Clow, Mrs. George A. Mason, Mrs. Mark W. Creasy, Mrs. Harry P. Pope, Mrs. Wheaton Augur, and Mrs. William E. Casselberry are among those assisting.

Miss Nancy Hefflinger of Minnesota is the guest of Mr. and Mrs. Donald K. Waller of Lake Forest. Miss Hefflinger was a bridesmaid at the wedding of the then Barbara Scott and Donald Waller last fall.

Mrs. Stewart Johnson and small daughter, Cattie, of Cairo, Egypt, are visiting Mr. Johnson's parents, Mr. and Mrs. Charles H. Quay of Lake Forest. Mr. Johnson was unable to accompany his family, owing to pressure of duties in the American legation in Cairo. He will meet them in Paris upon their return in the late autumn.

Benjamin Wharn is passing several weeks in the west, being now at Glacier Park, Mont.

Mr. and Mrs. John Kendrick Bangs Jr. of Detroit are spending August with Mrs. Bangs' sister, Mrs. Mark Shiner Willing, at Jefferson, N. H.

Mr. William E. Clarke of 995 Lake Shore drive is leaving this week for her customary summer visit in Gloucester, Mass.

William Prescott Hunt Jr. of 1065 North La Salle street has joined Mr. Hunt at Bar Harbor, Me., for the remainder of the season.

Mrs. William W. Gandy of 1414 State parkway, who is at Bretton Woods, N. H., for the summer, was one of the hostesses at a birthday luncheon given on Monday at the Mount Washington for Mrs. Robert W. Darr of Springfield, Mass., one of the summer sun-seekers at Bretton Woods.

Mrs. William S. Gaylord of 2456 Lake View avenue, who has been at Gadsden for the summer, has gone to Atlanta City for a fortnight, after which she will return to Orwinton for the early autumn.

Mr. and Mrs. James Gordon Murphy, of Glenview, and at the Shorewood hotel for a few weeks, Mr. Murphy was the father Colleen Murphy, daughter of the late Dr. and Mrs. John B. Murphy.

The North Shore Garden club announced its annual flower show on Tuesday afternoon from 2 until 5 o'clock at the Lake Shore Country club, Glencoe. The proceeds will be given to charity. Mrs. J. Harry Selz is given charge of the work of the club through the efforts of their members. Several local societies and Glencoe will be open to visitors during the hours mentioned.

The British consul general and Mrs. H. A. Richards of 75 East Division street have with them their son, Peter, who arrived early this month, following the close of his school in England. The Richards will go today to a hotel in northern Wisconsin to pass a week or so.

Miss Y. Craig and her daughter, Mrs. Hazelock Hayes, of 2322 Commonwealth avenue, are spending two weeks at Harbor Point, Mich.

Mr. and Mrs. Donald S. Boynton and children of Highland Park have gone to their summer camp at Au Train, Mich., to spend the remainder of the season.

Arden Shore youngsters to give operetta today

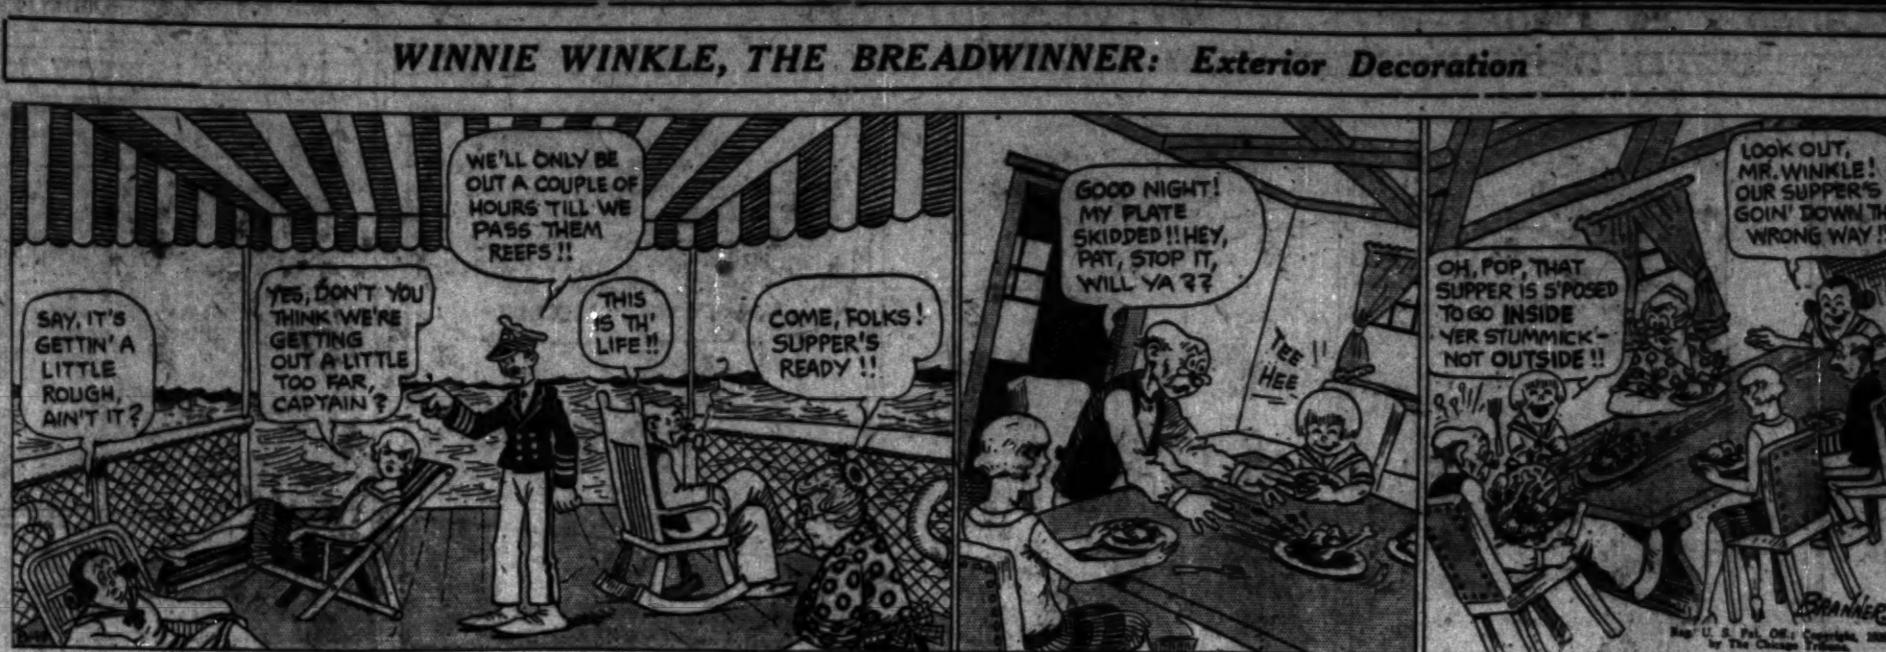

Four hundred boy and girl campers who arrived last week at Arden Shore, on Glencoe road, will present an operetta, "Blue Boy," at the annual midsummer frolic there this afternoon. Miss Lella R. Martin, camp director at the camp, is coaching the operetta, assisted by Miss Pauline Houch, camp pianist. Friends and patrons of the camp are invited to witness the performance.

Bond issue authorized for Masonic Hospital

Representatives of the Illinois Masonic Hospital association met at the Hotel La Salle last night and authorized the board of directors to issue bonds to the amount of \$200,000 to complete the new seven story building which is being erected at 316 Wellington avenue.
